INSTALLATION INSTRUCTIONS

<p>1</p>  <p>Remove anti-rise pin from hanger using tool provided.</p>	<p>2</p>  <p>Using template provided, drill holes centred in door thickness for hanger anchors using an 8mm bit.</p>	<p>3</p>  <p>Mount hangers to door</p>
<p>4</p>  <p>Find the centreline of track as shown on first page. Using a level, mark a horizontal line twice the door width long. Mark bracket screw locations as shown on first page into wall. Attach wall portion of bracket as shown.</p>	<p>5</p>  <p>Attach track to wall brackets as shown. Place on door stops and insert end caps into track ends.</p>	
<p>6</p>  <p>Route bottom of door to receive floor mounted guide as shown. Lift the door onto the track.</p>	<p>7</p>  <p>Plumb the door and mark for position of door guide.</p> <p>Mount door guide to floor.</p>	
<p>8</p>  <p>Adjust stops accordingly.</p>	<p>9</p>  <p>Re-attach anti-rise pin into hangers.</p>
