

BOOK OF INSPIRATION

Quality landscaping products to Inspire your garden design.

Introduction

Gardens have evolved and are no longer just outdoor spaces but extensions of our homes.

New materials like wood polymer composite (WPC), aluminium, and steel are revolutionising our outdoor spaces. These modern materials bring durability, aesthetics, and adaptability to garden landscapes, with a mix of style and substance.

Welcome to the F.H.Brundle garden!

Decking

Rinato™ WPC Decking

Synergised™ Aluminium Decking

Rinato™ WPC Decking

Elevate your space with our range of WPC deck boards.

Simple to install and stunning in appearance, these boards are a popular choice, requiring minimal upkeep while boasting remarkable durability for years to come.

With a seamless blend of beauty and practicality, in a style, colour, and price to match every taste. Revel in the beauty of wood without the hassle.

Synergised™ Aluminium Decking

Enhance your outdoor space with this cutting-edge solution.

For those seeking a distinctive decking alternative beyond the conventional composite, or in need of a fire-rated solution perfect for elevated balconies and bustling walkways, aluminium decking is the ideal choice.

Versatile and sturdy, aluminium decking presents the ideal answer for both residential and public settings, especially in high-traffic areas. Its adaptability knows no bounds, seamlessly complementing various applications with utmost durability and safety assurance.

Handrailing & Balustrade

Handrailing & Balustrade

Crossbar System

Wire Rope System

Fortitude™ Railings

Handrailing & Balustrade

**A stylish addition to any garden space.
Seamlessly blend aesthetics with functionality.**

Allowing for unobstructed views, glass balustrades effortlessly merge the garden's natural beauty with design, bringing a sense of openness and spaciousness, creating an illusion of a larger area while still providing a safety barrier.

These sleek, transparent balustrades aren't just practical additions; they're style statements that redefine the very essence of outdoor spaces.

Frameless glass balustrade

Spigots

Crossbar System

**A stunning alternative to glass!
Discover the allure of our contemporary
crossbar system.**

With its sleek and adaptable design, our crossbar system presents a stylish alternative to the traditional glazed balustrade, catering to diverse architectural needs without compromising on practicality or aesthetics.

A viable alternative with an eye-catching finish.

Wire Rope System

Simplicity meets functionality with our stainless steel strand wire system.

A practical and economical alternative to our crossbar system, without compromising on style.

Its flexibility makes it a great choice for both residential and commercial environments as it can be fixed to various surfaces including wood, metal and brick.

Fortitude™ Railings

Discover the epitome of flexibility
in handrail solutions with our
Fortitude™ railings.

One of the most adaptable, off-the-shelf handrail solutions on the market today, consisting of a series of panels, posts, brackets, and an innovative steel raking panel that allows the installation of railings on stairs and gradients with ease.

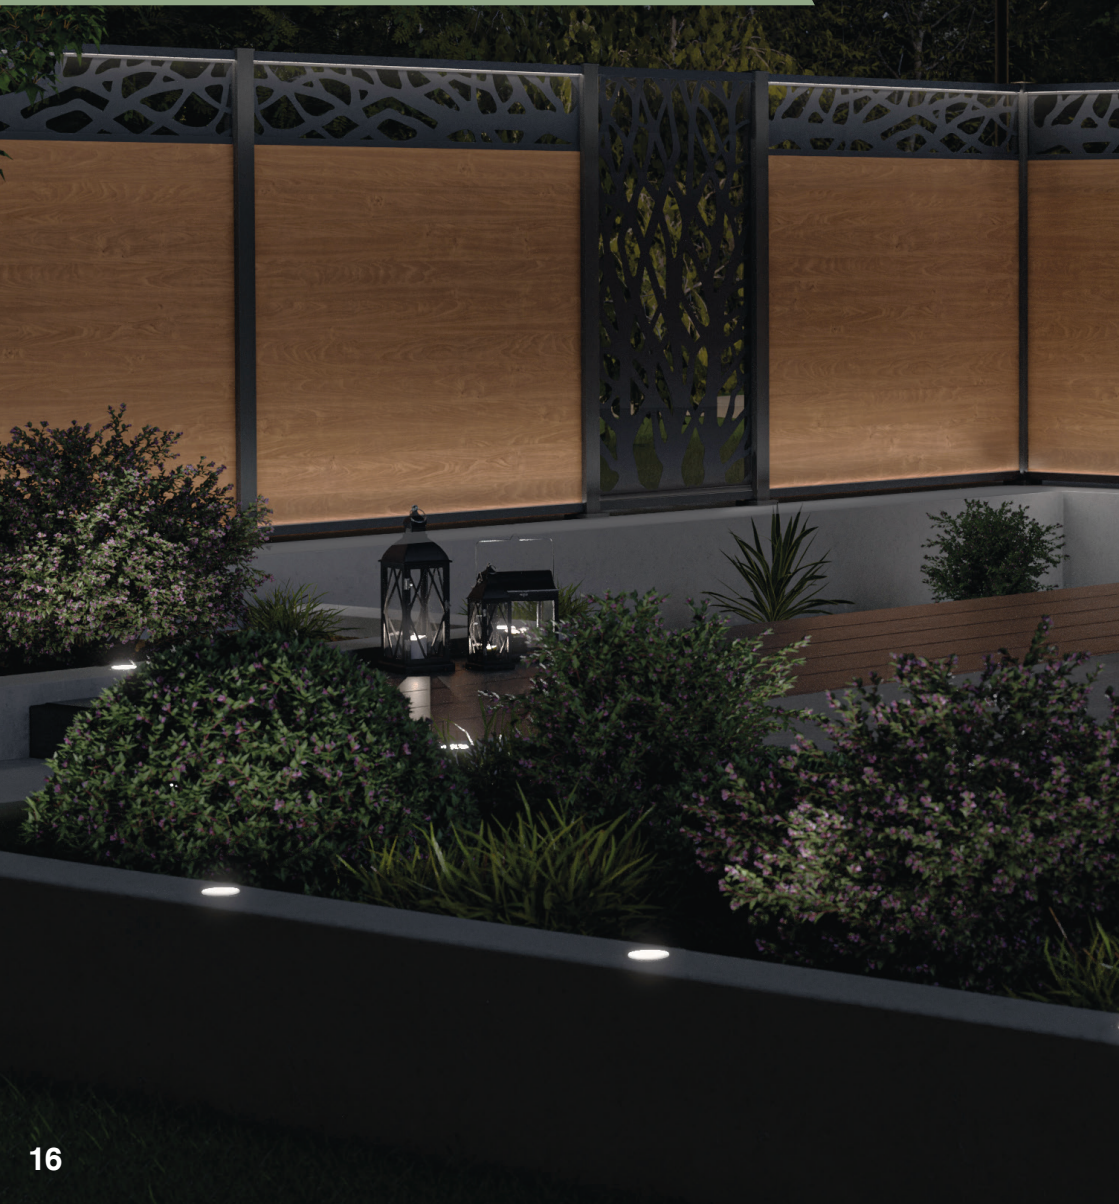

A striking handrail solution with an array of design solutions that can be tailored to your specific needs.

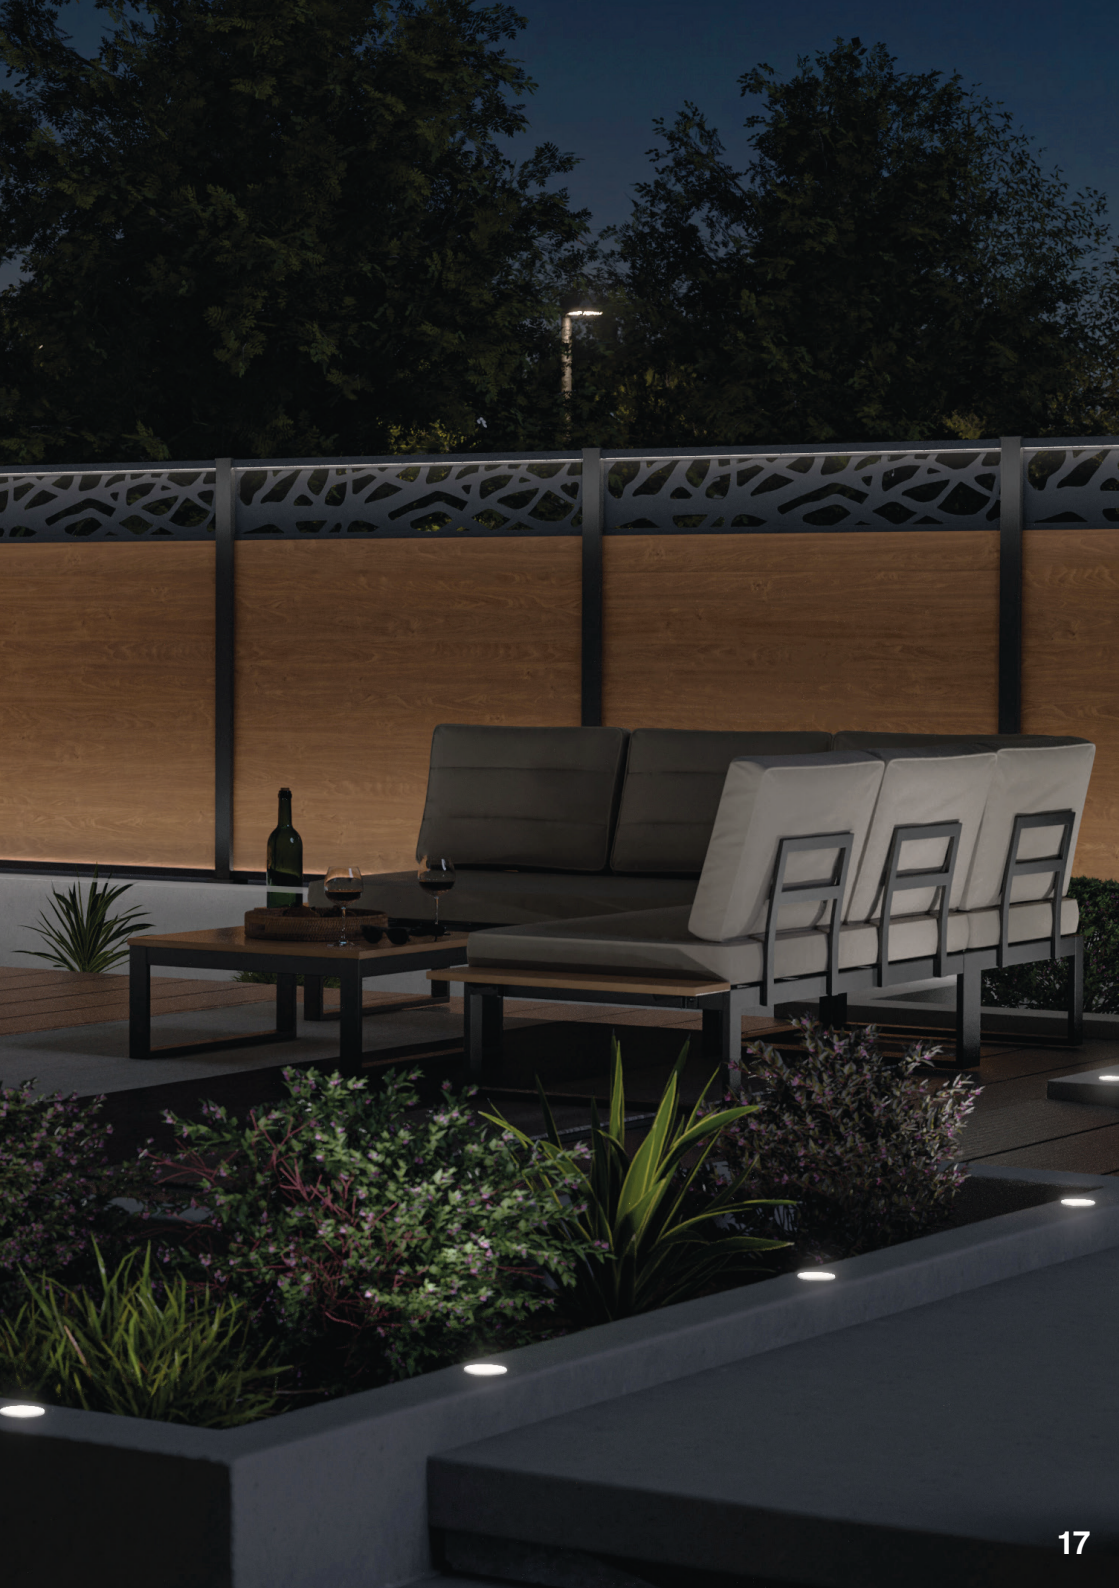

Fencing

Marano® Integrated
Rinato™ WPC Fencing
Estate Fencing & Railings

Marano® Integrated

Explore the many benefits of aluminium fencing.

With its sleek lines and contemporary design, aluminium fencing offers long-lasting, low-maintenance, easy-to-work-with solutions for garden perimeters.

Aluminium boasts resilience against the elements, promising enduring strength without compromising on visual appeal, alongside excellent sustainability credentials.

Available in 6 contemporary styles that can provide either complete privacy or open boards mixed with laser-cut screens to add a decorative design and light to the garden.

With boards and screens that can be used in conjunction with each other, it really is a blank canvas for customisation.

Rinato™ WPC Fencing

An attractive, hassle-free fencing solution for any outdoor space.

Experience the perfect blend of aesthetics and practicality with our Rinato™ composite fencing system, a durable solution that is waterproof, strong, and easy to maintain.

It's both easy to use and cost-effective. A fencing solution that not only enhances your garden but also champions durability and environmental consciousness.

Estate Fencing & Railings

Seamlessly merge aesthetics and practicality, with sleek lines and classic designs.

Estate fencing and railings have become a popular solution with housebuilders in residential developments, offering a blend of sophistication and charm.

Their classic designs elevate the appearance of any area, fitting seamlessly into both modern developments and traditional builds, providing a boundary without obscuring the view.

With ready-to-install gates and a choice of 5 different railheads for the railings, their adaptability and timeless appeal make them a sought-after option for those seeking both style and practicality in their fencing solutions.
