

21st Century Style

Railing & Balcony Systems

PRO

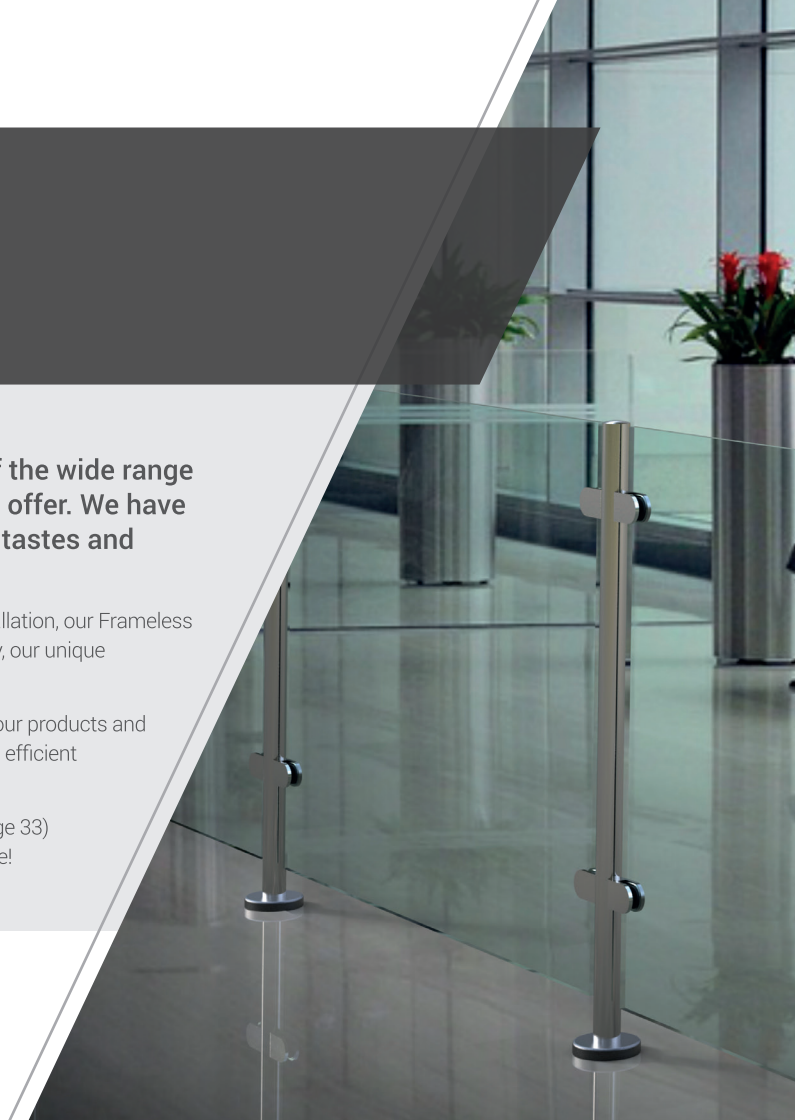

Welcome

With this brochure our aim is to give you a taste of the wide range of stylish balustrade and balcony systems that we offer. We have many options available, designed to meet modern tastes and requirements.

Our stunning range includes our Pre-Assembled Posts for ease of installation, our Frameless Glass Balustrades for uninterrupted views, and for maximum versatility, our unique Sleeve-Fit glass clamp brackets, which require no drilling.

Our friendly staff are always pleased to offer help and advice about all our products and welcome any queries you may have. We keep large stocks and have an efficient delivery service.

To make life simple, take a look at www.liveconfigurator.co.uk (see page 33) where you can receive a quote and drawings within minutes at any time!

Frameless Glass Balustrade

with top rails

To make the most of open views we have an extensive range of Frameless Glass Balustrade Systems suitable for most locations. These include systems for both domestic and commercial locations. Bolt-down and side fix options are available.

We complete the range with a selection of Handrails and Edge Protection.

Square • Round • Oval • Rectangle

Our Frameless Glass Balustrade Systems offer between them a range of glass thicknesses from 12–33mm:

Wedge-Loc™ Slim

PanelGrip®

Wedge-Loc™ 3kN

Frameless Glass Balustrade without top rail

Our Frameless Glass Balustrades offer maximum vision with a choice of systems. We also offer top and side fixed versions. If a handrail is not being used, we recommend laminated glass panels with edge protection.

Glass Stand-Off Adaptors

Glass stand-off adaptors are stylish and simple to install. They are available in a Satin or Mirror finish.

Pre-Assembled Post System with top rail

A range of classic styles available in Grade 304 and 316 stainless steel with a Satin or Mirror finish, and a choice of sizes.

Our Pre-Assembled Post System is elegant and timeless.

To make life easy for installers it is offered with the glass clamps and bases already fitted to the posts.

We have a choice of handrail saddles and also have the option of no handrail if preferred.

Pre-Assembled Post System without a top rail

Our Pre-Assembled Post Systems are designed to make life easier with a variety of spigots to meet most needs. Suitable for use with drops under 600mm without handrails. Side fixed options are also available.

A modern staircase with a glass and metal railing system. The railing features square stainless steel posts and glass panels. The stairs have white concrete risers and wooden treads. The background includes a stone wall and large windows reflecting a green landscape. The railing is installed on a white wall.

Square Pre-Assembled Post System

For a contemporary style, our Square Pre-Assembled Post Systems not only look great, but are also available in Grade 304 and 316 stainless steel with a choice of Satin or Mirror finishes. We provide both side fix or base fix options.

Glass Spigot Systems

Quick and easy to install...

Made from Duplex 2205 ultra marine grade stainless steel, these spigots are economical to use and do not require any holes in the glass. In a beautiful Satin finish, they can be used with 10–21.5mm glass. Available in round or square versions.

Our Tilt-Loc™ system has top and side fixed options and is made from Duplex 2205 ultra marine grade stainless steel. Tilt-Loc™ spigots can be easily adjusted by hand from one side. Tilt-Loc™ doesn't need any holes in the glass. With a satin finish, this range can be used with 12–25.5mm glass. (Side fixed shown.)

Tilt-Loc™ Edge

Tilt-Loc™ Edge completes this very versatile range. Simple to fit, easy to adjust, Tilt-Loc™ Edge not only looks great but is very cost effective.

NEW Sleeve-Fit Glass Clamp Brackets

This new and totally unique system offers a superb solution to curves and allows balustrades to change angle easily and without drilling the posts. It is simple, versatile and useful in many situations.

NEW Marano® System
with a rectangular handrail

MARANO®

Introducing Marano®, our superb new aluminium system. Sleek and modern in appearance, light to handle and easily maintained, we love this new look. We offer a choice of oval or rectangular handrails, and Marano® can also be used without handrails depending on location.

NEW Marano® System

with an oval handrail

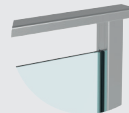

MARANO®

Beautiful, modern, and light to handle, we think this system will be a winner for many situations. Marano® is simple to install.

Oval

Rectangle

Choose the
right height
for you!

NEW Marano® System without a handrail

Marano® can also be installed without a handrail in many situations, to give a view uninterrupted by a handrail. An excellent solution for mobile home decks!

NEW Fortitude™ Contemporary with glass panels

Pure quality, premium finish...

Available in a Black Sand or White Gloss finish with a choice of clear or tinted glass.

FORTITUDE™
HANDRAILING SYSTEMS

Our new range of modern Fortitude™ Contemporary Balustrades are made from aluminium and are powder coated in a choice of Black Sand or White Gloss finishes. Easy to install and lightweight, it is a great solution for many locations.

NEW Fortitude™ Contemporary
with glass slats

Wire Rope Systems

Commercial
solutions – Ideal
for offices

Our stainless steel Wire Rope System is a cost effective alternative to our Crossbar System. Both of these systems are ideal for many commercial premises, but are not recommended for domestic locations with a drop of 600mm or more at one side.

Crossbar System

With clean lines and modern styling, our Crossbar System is perfect for a contemporary office.

Fully Frameless Juliet Balcony

For fabulous, uninterrupted views, our Fully Frameless balcony is the ultimate design. This is also available with a top frame only or with top and bottom frames. Available in an ultra-modern satin finish, this duplex range is designed for 12–21.5mm glass, which is 80mm from the wall.

Verona Juliet Balcony

For ease of installation we have Verona Kits, but we also offer individual components. One of our latest contemporary designs.

Elegance Romeo

With our beautiful Romeo and Juliet Balconies, you have a choice of Top and Bottom Rails, Top rail only, or Fully Frameless options. Designed for 12–21.5mm glass. These balconies come in a satin finish, with a choice of bracket styles—the choice is yours. No drilling of the glass required.

Elegance Juliet

We love our stylish Romeo and Juliet balconies, which can also have clear or coloured glass.

Stainless Steel Handrails

With our extensive range of component parts, our handrails are extremely versatile and can fit most situations. Corners or changes of angles are easily incorporated with our carefully designed stainless steel parts. We have parts for both internal and external locations. We also have luxurious wooden options for both internal and external use.

Wooden Handrail Systems

We have softwood and hardwood handrails for both internal and external use. Each has four options.

Strong, simple and versatile—make life easy!

rinato™ deck boards
without compromise

Rinato™ decking is available in a variety of finishes

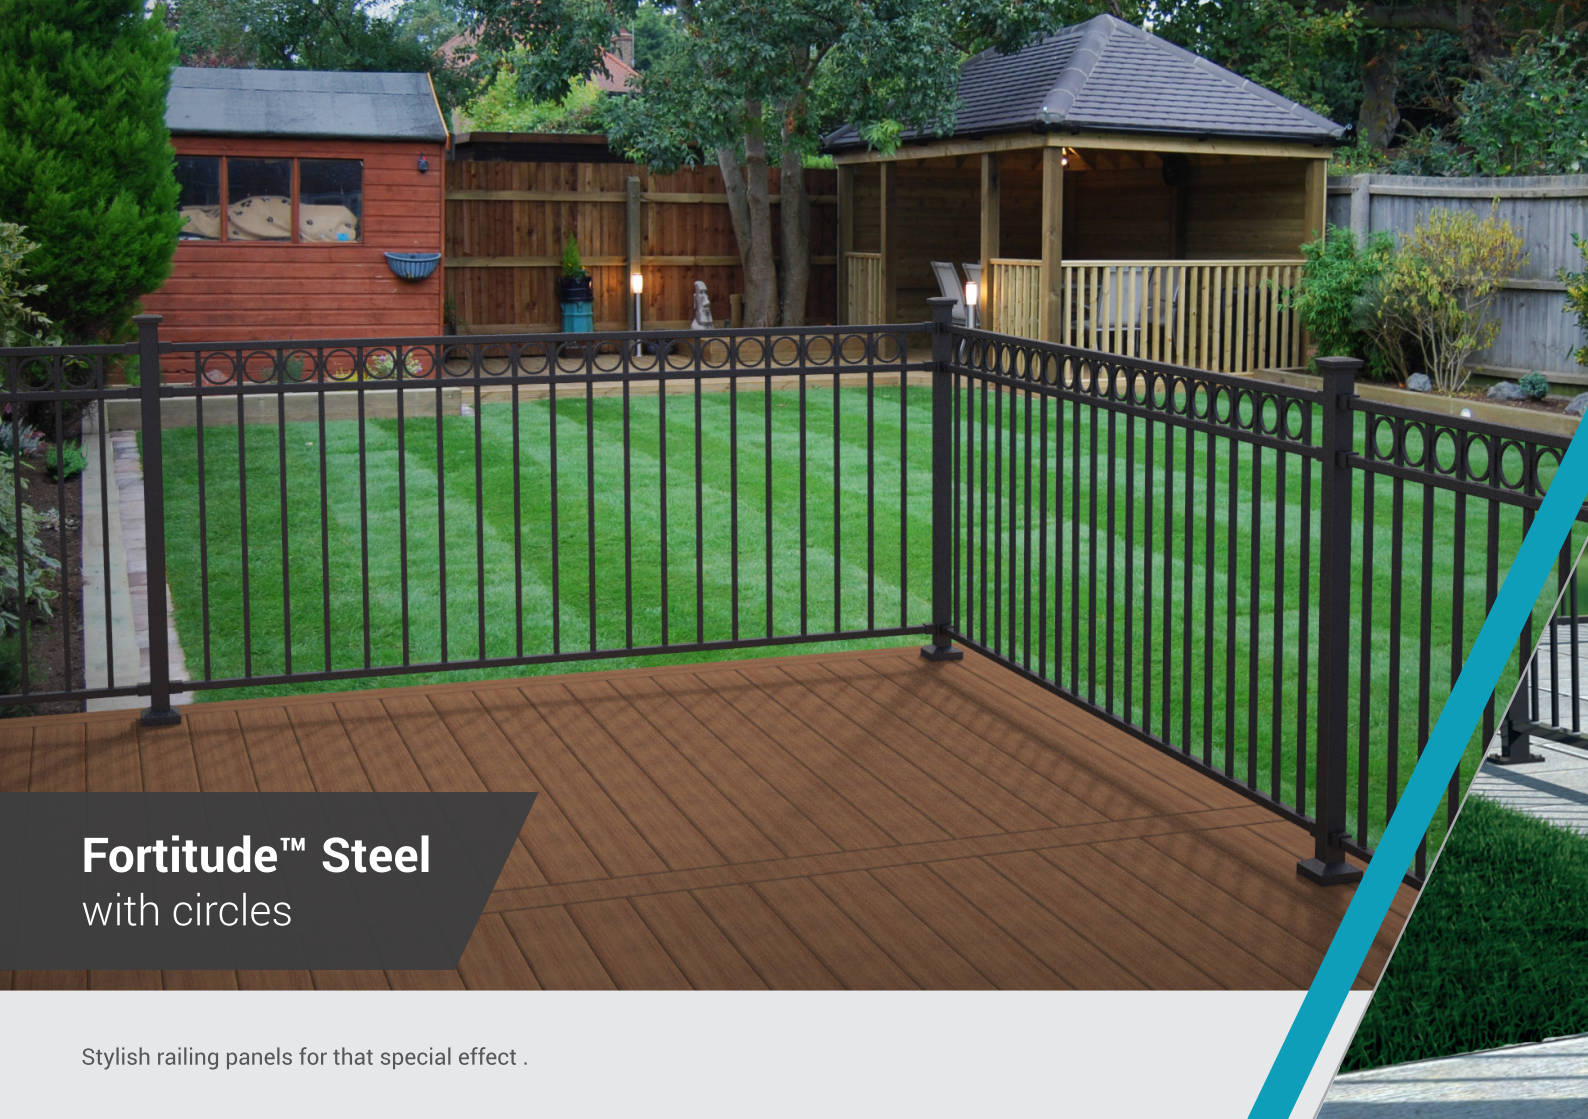

Ask about our superb Rinato™ composite deck boards and deck support systems.

Fortitude™ can be fixed to steel or wooden posts and brick walls. To make life easy, the raking panels for steps are adjustable to different angles. Available in Black Sand or White Gloss finish.

NEW Fortitude™ Steel

Fortitude™ Steel with circles

Stylish railing panels for that special effect .

Simplicity Aluminium Railings and gates

Simplicity
make life easy...

Exceptional value and
low maintenance.

Pro-Glass

Standard glass panels...

We offer a range of laminated and toughened glass up to 25.5mm thick. We also offer a huge range of standard toughened monolithic clear float glass panels at very competitive prices up to 25mm thick.

Our standard monolithic glass panels have polished edges and dubbed corners and are available from stock up to 15mm thick, with other thicknesses available to order. With our glass gate fittings you are able to create beautiful fences and gates from our standard glass panels.

If you require bespoke sizes, holes or shapes, or different colours including opaque, then we can offer competitive prices. Simply call for a quotation.
