Rinato[™] Deck Boards

without compromise

Welcome

In this brochure we aim to give you a taste of the wide range of decking, balustrade and balcony systems that we offer. We have many options available, designed to meet modern tastes, requirements and budgets.

Our stunning Rinato[™] WPC and Polymer decking gives the beauty of wood without the hassle. In a wide choice of colours and board styles, some of which are double-sided with wood grain one side and traditional grooved on the other.

We offer Pre-Assembled Posts for ease of installation, Frameless Glass Balustrades for uninterrupted views, and for maximum versatility, our unique Sleeve-Fit glass clamp brackets, which require no drilling.

Our friendly staff are always pleased to offer help and advice about all our products and welcome any enquiries you may have. We keep large stocks and have an efficient delivery service.

To make life simple, you can order online, over the phone or call into your local branch.

We look forward to being of service.

Rinato[™] WPC & Polymer Deck Boards the look of wood without the hassle

These boards are easy to install and look fantastic. As well as being environmentally friendly, all our decking is virtually maintenance free, is incredibly durable and will remain so for years to come. For peace of mind Rinato[°] deck boards also come with a 25 year UK backed warranty.

Rinato[™] Natural

Suitable for a variety of outdoor uses. Rinato Natural features a 360 degree wrap around Polymer Capstock shield that encapsulates the board and gives it year-round protection against the elements and also protects from excessive UV fading.

Rinato[™] Classic

These solid deck boards are great for areas of high footfall or weight, such as under a hot tub or any commercial application.

Rinato[™] Heritage

As well as being environmentally friendly, Rinato Heritage is incredibly durable and will remain so for years to come, and thanks to its composite properties, it is suitable for a variety of outdoor uses in commercial areas.

Rinato™ Premium

Our Premium solid core boards are particularly suitable for use around pools. Made from 100% Polymer, these premium boards are extremely durable, stylish, weatherproof and virtually maintenance free.

Glass Stiffeners & Connectors

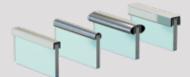

A slimmer frameless panel support system to suit 10 - 21.5mm glass. Available in BZP or Duplex 2205 with a satin finish.

9

Frameless Glass Balustrade with top rails

To make the most of open views we have an extensive range of Frameless Glass Balustrade Systems suitable for most locations. These include systems for both domestic and commercial locations. Bolt-down and side-fix options are available.

We complete the range with a selection of Handrails and Edge Protection.

Square · Round · Oval · Rectangle

Our Frameless Glass Balustrade Systems offer between them a range of glass thicknesses from 12 - 33mm:

Wedge-Loc[™] Slim PanelGrip[®] Mega-Grip 3kN

Frameless Glass Balustrade without top rail

Our Frameless Glass Balustrades offer maximum vision with a choice of systems. We also offer top and side-fixed versions. If a handrail is not being used, we recommend laminated glass panels with edge protection.

Glass Stand-Off Adaptors

A DESCRIPTION OF A DESC

13

Glass stand-off adaptors are stylish and simple to install. They are available in a Satin or Mirror finish, Grade 304 and 316, Duplex or Zamac.

110 124

Pre-Assembled Post System with top rail

A range of classic styles available in Grade 304 and 316 stainless steel with a Satin or Mirror finish, and a choice of sizes.

Our Pre-Assembled Post System is elegant and timeless.

To make life easy for installers it is offered with the glass clamps and bases already fitted to the posts.

We have a choice of handrail saddles and also have the option of no handrail if preferred.

Pre-Assembled Post System without a top rail

Our Pre-Assembled Post System is designed to make life easier with a variety of spigots to meet most needs. Suitable for use with drops under 600mm without handrails. Side-fixed options are also available.

Square Pre-Assembled Post System

For a contemporary style, our stainless steel Grade 316 Square Pre-Assembled Post System not only looks great, but also provides both side-fix or base-fix options.

Glass Spigot Systems

Made from stainless steel Grade 316 or Duplex 2205 ultra marine grade stainless steel, these spigots are economical to use and do not require any holes in the glass. In a beautiful satin finish, they can be used with 10 - 21.5mm glass. Available in round or square versions.

Tilt-Loc™

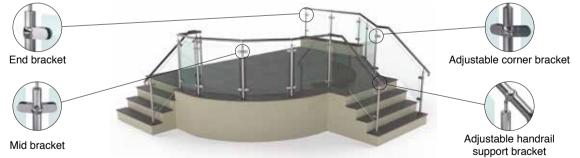

Our Tilt-Loc[®] system has top and side-fixed options and is made from Duplex 2205 ultra marine grade stainless steel. Tilt-Loc[®] spigots can be easily adjusted by hand from one side. Tilt-Loc[®] doesn't need any holes in the glass. With a satin finish, this range can be used with 12 - 25.5mm glass. (Side-fixed shown.)

Tilt-Loc[™] Edge

Tilt-Loc[®] Edge completes this very versatile range. Simple to fit, easy to adjust, Tilt-Loc[®] Edge not only looks great but is very cost effective.

Sleeve-Fit Glass Clamp Brackets

This unique system offers a superb solution to slopes, curves and stairs, allowing balustrades to change angle easily and **without drilling the posts**. It is simple, versatile and useful in many situations.

MARANO[®]

Introducing Marano[®], our superb square post aluminium system. Sleek and modern in appearance, light to handle and easily maintained, we love this new look. We offer a choice of oval or rectangular handrails, and Marano[®] can also be used without handrails depending on location.

Marano[®] Round with an oval handrail

Beautiful, modern, and light to handle, we think this system will be a winner for many situations. Marano[®] is simple to install. We offer a choice of oval or rectangular handrails, and Marano[®] can also be used without handrails depending on location.

Marano[®] System without a handrail

Marano[®] square and round posts can also be installed without a handrail in many situations, to give a view uninterrupted by a handrail. An excellent solution for mobile home decks!

Marano[®] Contemporary with glass panels

Pure quality, premium finish...

Available in Black Sand or White Gloss finish with a choice of clear or tinted glass.

Our new range of modern Marano[®] Contemporary Balustrades are made from aluminium and are powder coated in a choice of Black Sand or White Gloss finishes. Easy to install and lightweight, it is a great solution for many locations.

Wire Rope Systems

Commercial solutions – Ideal for offices

Our stainless steel Wire Rope Systems are a cost effective alternative to our Crossbar System. Both of these systems are ideal for many commercial premises, but are not recommended for domestic locations with a drop of 600mm or more at one side.

Crossbar System

With clean lines and modern styling, our Crossbar System is perfect for a contemporary office.

Fully Frameless Juliet Balcony

For fabulous, uninterrupted views, our Fully Frameless balcony is the ultimate design. This is also available with a top frame or with top and bottom frames. Available in an ultra-modern satin finish, this duplex range is designed for 12 - 21.5mm glass, which is 80mm from the wall.

Verona Juliet Balcony

For ease of installation we have Verona Kits, but we also offer individual components. One of our latest contemporary designs.

With our beautiful Romeo and Juliet Balconies, you have a choice of Top and Bottom Rails, Top rail only, or Fully Frameless options. Designed for 12 - 21.5mm glass. These balconies come in a satin finish, with a choice of bracket styles - the choice is yours. No drilling of the glass required.

Elegance Juliet

We love our stylish Romeo and Juliet balconies, which can also have clear or coloured glass.

Stainless Steel Handrails

With our extensive range of component parts, our handrails are extremely versatile and can fit most situations. Corners or changes of angles are easily incorporated with our carefully designed stainless steel parts. We have parts for both internal and external locations. We also have luxurious wooden options for both internal and external use.

Wooden Handrail Systems

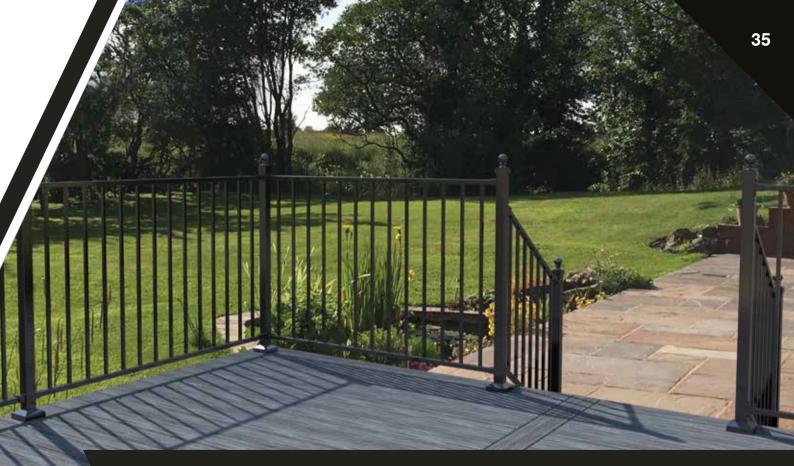

We have softwood and hardwood handrails for both internal and external use. Each has four options.

Strong, simple and versatile-make life easy!

Fortitude" can be fixed to steel or wooden posts and brick walls. To make life easy, the raking panels for steps are adjustable to different angles. Available in Black Sand or White Gloss finish.

Fortitude[™] Steel

Fortitude[™] Steel with circles

Stylish railing panels for that special effect .

Marano[®] Simplicity aluminium railings & gates

Simplicity make life easy...

Exceptional value and low maintenance.

37

Pro-Glass

Standard glass panels...

We offer a range of laminated and toughened glass up to 25mm thick. We also offer a range of toughened monolithic clear float glass panels at very competitive prices up to 25.5mm thick.

Our standard glass panels have polished edges and dubbed corners and are available from stock up to 21.5mm thick, with other thicknesses available to order. With our glass gate fittings you are able to create beautiful fences and gates from our standard glass panels.

If you require bespoke sizes, holes or shapes, or different colours including opaque, then we can offer competitive prices. Simply call for a quotation.

Design and personalise our range of products with Live Configurator Liveconfiguratortm is an amazing tool which can save you valuable time and help avoid costly mistakes. It can provide you with a quote and detailed, accurate CAD drawings in minutes.

Liveconfiguratortm has also been designed with simplicity of use in mind.
